

E-Tickets / Hardtickets

What exactly is an E-ticket?

An E-ticket is an electronic event ticket. It contains of a encrypted number and signs plus an additional barcode. Once you orderd your e-ticket you will receive an e-mail with the encrypted code and barcode. You can then print the ticket and use it just like a regular ticket or even give it to someone else. By buying a ticket you have a contract directly with the concert promoter
